COLOR: GREEN

Compact plants produce an abundant, concentrated harvest.

**Other Legumes**

VARIETY	NOTES
WINGED BEAN	Multipurpose tropical plant with edible beans, leaves, roots and dried seeds.
RED-SEEDED YARD-LONG BEAN	Climbing plant with 12-16" long, thin pods for eating when still smooth and tender.
DAINAGON AZUKI	Heirloom. Large seed, typically for dry red beans, often used for confections. Good for Koshian.
WASE AZUKI	Early maturity, small-seeded variety.
