Dark green, large pods; very little yellowing, good for shipping.

KARIKACHI NO. 3

DTM: 85

COLOR: GREEN

Reliable and productive with longer harvest window.

KURO SHINJU

DTM: 80-85

COLOR: BLACK

Notable for sweet flavor and silky texture, characteristic of black soybeans.

More Edamame

VARIETY	DTM	NOTES
TAMBA KURO	85	Dual purpose with good flavor as fresh edamame.
TOHYA	80	Compact plants produce an abundant, concentrated harvest.

Other Legumes

VARIETY	NOTES
HYACINTH BEAN: WHITE, PURPLE, RED	Warm season annuals, climbing vines with beautiful ornamental flowers and edible cooked pods.
WINGED BEAN	Multipurpose tropical plant with edible beans, leaves, roots and dried seeds.
RED-SEEDED YARD-LONG BEAN	Climbing plant with 12-16" long, thin pods for eating when still smooth and tender.
DAINAGON AZUKI	Heirloom. Large seed, typically for dry red beans, often used for confections. Good for Koshian.
DOYOU AZUKI	Kyoto heirloom. Large seed, long season. Firm, holds shape in cooking.
